

April 3, 2008

For Immediate Release:

**NFIB**

The Voice of Small Business.<sup>®</sup>

New West Health Services is excited to announce our partnership with the National Federation of Independent Business (NFIB) to provide members a new health insurance program. Small businesses that are NFIB members are eligible to enroll in the program and the opportunity to choose from several plan options such as traditional indemnity plans, Managed Care options PPO like plans, or HSA (Health Savings Account) eligible health plans. With exclusive availability to NFIB members, NFIB and New West Health Services employers will realize the benefits of collective purchasing power of a large group.

After selecting a New West Health Services plan that meets the needs of your small business, you will be able to see the potential savings of choosing a plan through the NFIB Montana Healthcare program. This program is offered exclusively to NFIB members, so membership is required to participate.

If you would like to learn more about the NFIB Montana Healthcare program, please contact Tyler Nifong, NFIB Member Support Manager, at 303-860-7713, or contact New West Health Services at 800-290-3657. For more information about the NFIB Montana Healthcare program, visit [NFIB.com](http://NFIB.com).
